

# RALLY RACER ALERT

**April 25, 2010**

Alex Plewniak will be our central communications commander in the United States. He will have SAT phone access to NORRA officials at almost any given time and be able to relay information to some of our more remote locations along the course. Should any of your family or friends in the United States need to relay a critical message to you, he will be available at all times with a U.S. phone number which is 619-572-7092. Please forward his contact info to anyone that may need it. Also, should you have any urgent questions between now and the start of the rally, Alex will be available. Thank you and wish you all a safe trip to Mexicali.
